**DANIELS TALKS ON

Secretary of Navy Says Leader
of Future Is Man Whom Ed-
ucation Has Lifted Above
Fear of the Boss.

(By Leased Wire to Evening Herald.)
Cleveland, O., April 18.—Secretary of the Navy Daniels, who addressed the Western Reserve university students here this morning and is to speak at the "Dollar dinner" of the Cleveland conference of democratic tonight, read with interest Monday's dispatches on hearing that a cabinet meeting had been summoned, wired to Washington for further information. "I don't think there'll be fighting," was his only comment.

Secretary Daniels later said that he had received no word from his agents telling him to hold himself in readiness to return to Washington.

The telegram, he said, stated that President Wilson had expressed the fear that it would be impossible to continue peace.

The secretary made a plea for enlistment of well trained scholars in the cause of clean politics and better government, in his address to the students.

The leader of the future, Mr. Daniels said, would be the scholar—the man who stood fearless of the sneer of the "boss."

Mr. Daniels took as the keynote of his remarks: "The scholar in politics and an illustration of the need of men with high ideals in public life, he cited the achievements of Woodrow Wilson, Thomas Jefferson and other men who won distinction because, he said, they yielded the new—civic qualifications.

"Civics, which we have been fit for educated public leadership," he said, "that the educated man and women of our country have not fully realized that their study should have been for the benefit of the people and not merely for the gratification of their own minds or the advancement merely of individual ends. A good education is a public trust."

Prisoner Says He Bought Revolver to "Shoot a Rat"; Corporation Counsel Pleads on Way to Recovery.

(By Leased Wire to Evening Herald.)
New York, April 18.—Michael P. Mahoney, the man who craved who was attempting to assassinate Senator Mitchell and was doing wounded Frank L. Potts, corporation counsel, was arraigned in the Tombs police court today on a charge of attempted murder in the first degree. He was held in \$2,000 bail for the action of the grand jury.

When the amount of the bail was announced by Magistrate Sims, Mahoney smiled broadly and said: "Not much, I guess, a little?" The more you know.

Mr. Potts was resting quietly at the New York hospital today. Surgeons expect he will recover rapidly if no complications develop. He spent a comfortable night and seemed to be greatly refreshed today.

Before his arraignment Mahoney was taken to police headquarters where the detectives, all masked, looked him over.

None of them was positive he had ever seen the man before.

Mahoney was awakened at 8 a. m. after being allowed four hours sleep. Until 4 o'clock this morning he was visited with detectives who put him through a rigid third degree.

He explained that when he bought the revolver he fired yesterday, he told the men who sold it to him in Jersey City that he "wanted to kill a rat."

**MITCHELL THINKS TALISMAN
SAVED HIS LIFE**

New York, April 18.—Major John Purroy Mitchel, who narrowly escaped an assassin's bullet yesterday, thinks that expressing himself to friends last night Mr. Mitchell displayed a little gold image of a frog, about an inch and a quarter long, which he carries with his knife on one end of his watch chain. It is one of the small talismans he has dug out of all graves all through Central America and usually sold to tourists.

"When this was given to me," said the mayor, "I was told that it would always bring me good luck; I believe it has."

(By Leased Wire to Evening Herald.)
Paris, April 18.—The campaign of Joseph Caillaux, former president and minister of finance for protection, the chamber of deputies is attracting more attention than that of any other politicians in France. The reasons for this are the assassination of Calmette, Madame Caillaux and the alleged influence used by Caillaux to postpone the trial of Rochefort, a swindler.

While Madame Caillaux was in Paris, the wife of one of her political friends is busy securing the support of the voters in his constituency of Marnes in the department of the Marne. He has represented this constituency in the chamber since 1893.

Attorney for the Trouble Woman Says He Will Force a Hearing Before State Supreme Court on Merits.

(By Leased Wire to Evening Herald.)
Washington, April 18.—"Mother" Jones may have a hearing before the house committee investigating the Colorado coal strike. Chairman Poston so announced today after receiving a formal request being made by officials of the United Mine Workers. The testimony probably will be taken here next week.

Boughton Files Return to Writ.

Denver, April 18.—Judge Advocate Edward J. Boughton of the national guard of Colorado today filed his return to the writ of habeas corpus issued by the state supreme court on the application of counsel for "Mother" Mary Jones. The writ was returnable today. Two days ago the aged strike leader was released from the American county jail where he had been held as a military prisoner.

In his return Major Boughton informs the court that the release of "Mother" Jones was ordered by Governor E. M. Ammons some days before the habeas corpus writ was issued; that the governor's order to release the troops from the strike district included the release of military prisoners.

Horace N. Hawkins, attorney for Mrs. Jones, said that within the next few days he would file a replication asking that the supreme court take up the matter on its merits and render a decision as to whether or not the imprisonment was legal. Counsel for the United Mine Workers seek to secure a new ruling on the issues involved in the celebrated Moyer decision, under which the state claims authority to make military arrests.

It was stated today that Mrs. Jones probably would go to Washington to appear before the house subcommittee which investigated the Colorado coal strike. It was pointed out that she could return to Denver in time to appear in person before the supreme court if any further action is instituted by her attorneys.
